

## How I Received Healing From Cancer by Ann Windsor

In February of 2012 I had a cancer the size of a pea removed from my breast. The doctor wanted to schedule me for breast removal, reconstructive surgery and treatments.

I chose to touch the hem of Jesus' garment instead.

I wanted to be a testimony of His healing power for the encouragement of others.

I told the doctor I didn't want to do any of the options he was presenting me with. But I didn't go home and do nothing.

I started down the path that I knew would bring healing. How?

I want to keep this as simple as possible, so that anyone can do this and be healed. Even if you are in the midst of treatments, surgeries, etc. Jesus is above and beyond man's methods and His power is greater than the natural healing processes of the body.

I reached out my hand of faith into that supernatural realm where all things are possible.

\*\*\*\*\*

David encouraged himself in the Lord when he was in a life threatening situation and all his mighty warriors wanted to stone him. So that's what I did.

I asked a lot of questions and then looked in the Bible for the answers.

Q. 1

Was there ever anyone who came to Jesus for healing who did not receive it?

I found the answer to be 'no'.

I read the gospels, starting with the Gospel of Mark. I paid specific attention to every time Jesus healed someone. I found no who came to him for healing was denied, and He even healed some who didn't come asking for it.

Q. 2

What kind of diseases did Jesus heal? How life-threatening were they? How long had they been there? This was a very important step. I thought in detail about each sickness Jesus healed and compared it to cancer.

Mark 1:30 Peter's mother in law – a fever. It left immediately.

Mark 1:34 many who had diverse diseases

Mark 1:40 the leper "Lord, if you will you CAN make me clean".

Mark 2:3 the man with the palsy let down of four

Mark 3:1 the man with the withered hand

Mark 5:22 Jairus daughter raised from the dead.

Mark 5:25 woman with issue of blood 12 years.

Q. 3

How did Jesus heal?

Acts 10:38 He was anointed with the Holy Spirit

Q. 4

Was the same Holy Spirit with me?

Yes....I am born again, and also the Holy Spirit is omni-present.

Q. 5

Is Jesus still healing people physically?

Hebrew 13:8 He is the same, yesterday today and forever.

Q. 6

What is my response to these answers?

I say: "Lord, I receive!"

And I kept thinking about these answers, and I kept saying, "Lord, I receive".

Every time Satan came to steal away the answers to these questions, I resisted him. I did not let myself be moved by any symptoms I had in my body.

I 'pressed the battle to the gate' with each fiery dart thrown against me and kept my mind stayed on the answers to these questions.

I continued to feed my faith....daily, so that my faith was 'ready' for the next fiery dart, the next symptom that might arise. Ready for the middle of the night when fear would visit me.

The doctor had told me that you can't feel cancer working in your body. Many people have to fight what they feel...the symptoms in their bodies. I had to fight when I couldn't feel any symptoms. The devil whispering to me: "Cancer has spread all throughout your body, you just can't feel it. You know what the doctor said!"

I took the Word of God as my medicine. The Spirit is in the Word. The Spirit is in the world. The Spirit that raised Jesus from the dead is in me and with me.

I thought about the Holy Spirit defeating death. I saw in my mind's eye, Him raising the dead body of Jesus from the tomb.

Was my body dead yet? No.

And the Holy Spirit defeats death. Cancer is less than death. The Holy Spirit can easily defeat cancer.

I told no one for a year but my husband and those close to me about the stand before God I had taken for healing.

After a year I was prompted by the Spirit to get a mammogram as proof of my healing.

That was a step of faith in itself. It is one thing to say, "I have received healing", it is another to go and get the natural proof of it.

The mammogram came out showing nothing, but the scar tissue where the cancer had been removed from my breast.

I have had two more since that time and each of them have shown nothing but normal tissue.

In Bible days there were no treatments for most diseases.

Jesus healed without any additional treatments.

He still does today.

Believe Him and Receive.
